Dear Joshua,

The man you are after is: Peter Henderson, M.D.,  
Principal Medical Officer, Department of Education and Science,  
Richmond Terrace, London, S.W.1. I take it you will want to  
get in touch with him directly.

I very much like your Washington Post pieces, and think  
it very nice of you to invite me to contribute a paragraph if  
there's something I feel strongly about. I shall certainly  
bear it in mind.

Young Bodmer flashed through here the other day and it was  
nice to see him.

With best wishes,

Yours ever,

*Peter*
